Nest Advisory Group

Version

Nicholas Lucey  
Nick.lucey@nestadvisory.com.au

This Financial Services and Credit Guide (FSCG) contains information that will help you decide whether to use the financial services we offer. It sets out:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee, Nest Advisory HQ
- our fees
- how we manage your private information
- how you can complain about a matter relating to us or Nest Advisory HQ

## Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SOA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

When we provide credit advice we will conduct a preliminary assessment to determine the suitability of a particular product. This is normally documented and provided to you in a Record of debt advice or a Credit Proposal. We will retain a record of the debt advice or Credit Proposal which you may request by contacting our office within seven years of the assessment. We will only provide recommendations to apply for a particular credit contract with a certain lender or increase the credit limit of a particular credit contract where the contract meets your needs and objectives and is not unsuitable to your circumstances.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

## Not “Independent”

Although the Cambridge Dictionary defines the meaning of “independent” as; “not influenced or controlled in any way by other people, events or things”. ASIC have a different meaning. Nest Advisory Group is not owned, operated, controlled, incentivised, or influenced through any bonuses, dinners, rewards, targets or any kind of favours from any life insurance company. However, there is at least one adviser on the license who receives a commission from a life insurance company. According to ASIC, this defines all of us as not being independent. Accordingly, **EVERY** adviser on the license must write “not independent” on this page with the below paragraph – even advisers on the license who do not receive commissions. There is more information about the commission we may receive in the section titled – fees and below.

Nest Advisory HQ receives commission payments on Life Insurance Products. This allows us to advise and place your insurance without charging you, the client, directly but rather receiving remuneration from product issuers. By doing this we are not allowed to use the words Independent, Impartial or Unbiased when describing our business. For more information on this please ask your adviser. It is also worth knowing that ASIC has mandated EVERY insurance company to pay the exact same rate of commission, which is shown later in this document.

# About our practice

In Australia, research has shown more people would rather die than run out of money in retirement. At Nest Advisory Group, we help clients implement both short and long term plans to create, grow and protect their wealth. Our goal is to help our clients invest and diversify their wealth across property, local and international shares, managed investments and wide range of other asset.

We help our clients answer 3 fundamental questions:

1. How much money do I need to retire?
2. When can I do it?
3. What can I do today to help me get there

Through our holistic advice, our clients achieve peace of mind and confidence about their money in retirement.

For a bigger, better financial future, make the smart choice with Nest Advisory.

## Competitive Advantage

Our mortgage broking offering is on par with the best in the country. We have a panel of more than 40 lenders so that we get the best deal to meet your goals.

Most people would agree that making the financial decision to invest in property in or out of superannuation, refinance an existing loan or buy your first home has large financial planning considerations. If you speak to most financial planners, they can help you with the financial planning considerations and if you speak to most mortgage brokers, they can help you with a loan. At Nest Advisory, we can do both in the one plan, making this an easier process for you.

Mortgage brokers get paid a commission to settle home loans, financial planners get paid fees to set up investment portfolios. If you ask a financial planner what to invest in, more than likely, they will say shares – through them. If you ask to a mortgage broker, they will say an investment property – through them. At Nest Advisory, we can do both. This means we can take an unbiased position and recommend an investment that meets your goals, not what we get paid for.

# Special Price offering

Because we are unique in that we are mortgage brokers as well as financial planners, we can use mortgage broking commission to subsidise advice fees, which saves you money and provides a more holistic advice solution.

## Tax implications of our advice

Under the Tax Agent Services Act 2009, Nest Advisory Group Pty Ltd, trading as Nest Advisory Group Pty Ltd is authorised by the Tax Practitioners Board to provide tax (financial) advice services on matters that are directly related to the nature of the financial planning advice provided to you. We will not consider any other tax matters in our advice to you. Where tax implications are discussed they are incidental to our recommendations and only included as an illustration to help you decide whether to implement our advice.

## Transaction services

We can arrange to complete transactions for you on limited types of financial products where we can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without our advice, we will ask you to confirm your instructions, which will be documented in writing. We will keep a record of this documentation for seven years. You may request a copy of such records by contacting our office during that period.

## Your relationship with us and using our services

You can contact us directly with any instructions relating to your financial products. This includes giving us instructions by telephone, mail or email. We can only accept your instructions via email once you have signed an authority form.

We will work with you to agree what advice and services we will provide and when and how often we will provide them.

Where you agree to annual advice and services, the details will be documented and provided to you in an advice or service agreement. This includes the frequency of contact between us, service standards that may apply, any fee arrangements and how the agreement can be terminated.

If at any time you wish to terminate your relationship with us, please contact us using the details shown in this guide.

## Changing service providers

To ensure that you are provided at all times with ongoing servicing to meet your financial needs, we may transfer our rights and obligations under our servicing arrangement with you to another adviser or financial planning practice within the Nest Advisory network or to another Nest Advisory licensee (the new service provider). If we do this, the new service provider will provide the servicing to you and will be entitled to the agreed fees. The new adviser will also take over the rights and obligations on the same terms and conditions set out in the servicing arrangement and we will be released from those rights and obligations. We will write to you in advance of a transfer occurring, to introduce your new service provider. You may notify your new service provider at any time if you want to vary or end your servicing arrangements.

## Providing information to us

It is important that we understand your circumstances and goals, so that we can provide you with appropriate advice and services. You have the right not to provide us with any personal information. Should you choose to withhold information, or if information you provide is incomplete or inaccurate the advice or services we provide you may not be appropriate for you.

It is also important that you keep us up to date by informing us of any changes to your circumstances so we are able to determine if our advice continues to be appropriate.

# Our fees

The actual fee charged to you will depend on the nature of the advice or service we provide. We will discuss and agree the actual fees with you before we proceed.

**Please refer to Package Pricing Section of this guide for further fee descriptions.**

## Ongoing service explained

Our ongoing service is not based on how much time we spend on a client each year, or how many meetings we do. Our fees are simple, transparent and based on the value we provide to each individual. We realise this is not for everyone and we aim to make it as easy as possible for you to decide if this is the right service for you. Our clients are free to cancel this agreement at any time without penalty.

We believe that financial advice offers an important benefit, which is often overlooked. Studies have proven that people who receive financial advice have better peace of mind, reduced stress and anxiety about making financial decisions and stronger feelings of financial security.

## What's included?

Our commitment to you is simple, and the same for everyone (except people on the professionals package). We guarantee an offer of an annual review regardless of complexity, funds invested or personal circumstances. You will also have access to us throughout the year for adhoc meetings, phone calls, emails, insurance claims, updates and other services. We reserve the right to renegotiate the terms of the agreement with your written consent. As you are welcome to cancel the agreement at anytime, we may also terminate the agreement in writing if we feel that the service is being abused.

**An annual review may include things such as;**

- No fee for further advice documents (limited to 1 per year) when required
- Tracking your personal and financial goals, while keeping each other accountable to achieving them
- Determine if any changes over the last 12 months will require a change in your financial plan, such as;
  - o Investment approach
  - o Level and type of insurance cover
  - o Change in family situation
  - o Change in career (new job, disability, pay, etc.)
  - o Change in financial assets or liabilities
  - o Home loan still right
  - o Change in goals and objectives
  - o Change in health

## Why percentage-based fees?

The main reason we believe a percentage-based fee is the best and most fair payment structure for our clients is because of the connection it has to investment markets. Our key focus is to help our clients create, grow and protect their wealth. When a flat fee is charged and markets go down, it becomes harder and harder for that portfolio to increase due to the fixed fee becoming more expensive in percentage terms. Conversely, when markets go up, our clients portfolios continue to grow.

Our percentage fee starts at 0.8% of funds under management and is subject to change based on portfolio size and risk profile. The fee thresholds are equal to \$1,500 to \$10,000 per year.

## **Payment methods**

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque; and
- Deduction from your investment.

All fees and commissions will be paid directly to Nest Advisory HQ as the licensee. They retain a percentage (as a licensee fee) to cover their costs and the balance is passed on to us. The percentage is determined annually, based on a number of factors, including our business revenue over a 12 month period.

For more information on our services, please see our **Schedule of fees** attached or available on request.

## Schedule of Fees – Further Details / Summary

## **Commissions** (the dirty word except for mortgage brokers or other industries)

For clients that would rather pay us from their own pocket for insurance advice instead of us receiving a commission paid by the insurer, which is the exact same commission rate that ASIC have mandated and reduced with EVERY insurer, we are happy to provide an invoice for the advice. However, this will most likely cost more than if we just received a commission.

Any commission amounts will be disclosed to you when providing our advice. The following table is a guide of commissions we may receive.

Product type	Initial commission	Ongoing commission	Example
Insurance (including those held within superannuation)	Up to 66% of the first year's premium for new policies implemented from 1 January 2019.		On insurance policies implemented from 1 January 2019, if your insurance premium was \$1,000, we would receive an initial commission of up to \$660.
	We may receive up to 88% of the first year's premium for new policies implemented between 1 January 2018 and 31 December 2018.	Up to 22% of the insurance premium each following year.	
	We may receive commissions on increases or additions to existing policies of up to 130%.		We would receive an ongoing commission of up to \$220.00 pa.
Loans	Up to 1.10% of the initial loan balance. AFG retains 10% and passes the remaining 90% on to Nest Advisory HQ.	Up to 0.55% of the outstanding loan balance each year. AFG retains 10% and passes the remaining 90% on to Nest Advisory HQ.	If your loan balance was \$100,000, initial commission would be up to \$1,100. AFG would retain up to \$110 and Nest Advisory HQ receives \$990. On an annual basis, the commission on a \$100,000 loan balance would be up to \$550, of which AFG retains up to \$55 and Nest Advisory HQ receives \$495.
Deposit bonds	Up to 22% of the deposit bond fee. AFG retains between 0-3% and passes the remaining 10% on to Nest Advisory HQ. Nest Advisory HQ then retains 90%	N/A	For example, if your deposit bond fee is \$400, the commission would be up to \$88. AFG would retain up to \$8.8 and Nest Advisory HQ receives \$79.9.

---

All fees and charges include GST.

If an agreed advice fee is charged then we may rebate all or some of the commission.

## Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

### **Business buy-back option**

If we leave the financial services industry or can no longer appropriately service a selection of our clients, Nest Advisory HQ will either look after our clients or appoint one of its authorised representatives to do so.

If this happens, Nest Advisory HQ makes available a facility for practices to transfer the servicing rights of their clients. The valuation will vary depending on certain factors including the annual recurring revenue of our practice and the level of our service standards.

### **Personal and professional development**

Nest Advisory HQ offers education, personal and professional development opportunities to our practice on an annual basis. Participation in these opportunities may be based on attainment of qualifying criteria or open eligibility.

Accredited Mortgage Consultants may be invited to attend the AFG National Conference. This is an annual event which offers Accredited Mortgage Consultants the opportunity for professional development and to hear industry updates and educational presentations by AFG and lender sponsors.
